

Francisco Vaquero

Automation & Integrations Specialist

I connect tools, automate workflows, and keep teams running.

I build and maintain integrations with Zapier, n8n, Python and Google Workspace to streamline processes and help teams work more efficiently.

English · Spanish

Experience

Automation & Integrations Specialist

Fundflare / Graceful FundFlare

Dec 14, 2023 - Apr 26, 2025

- Built and maintained **Zapier** and **n8n** workflows connecting Google Workspace, Monday.com, Notion, PandaDoc and custom REST APIs.
- Developed **Google Apps Script** and **Google Sheets** tools for reporting, QA checks and lightweight internal applications.
- Integrated **Slack API** commands, events and webhooks; automated document generation, approvals and e-signatures with PandaDoc.
- Used **Python** and **SQLite** for ETL, data cleaning and reporting; documented workflows and SOPs in Notion.
- Administered **Google Workspace**, ran internal utilities on Linux with Docker, and provided remote support through RustDesk, TeamViewer and Tailscale.
- Prototyped text extraction and summarization with local LLMs using **Ollama** and **Hugging Face**.

Project Web Developer / Automations

VA LWIS Digital

Apr 2023 - Sep 2023

- Updated client websites with HTML, CSS and JavaScript; resolved defects across client pages.
- Built Zapier workflows for intake, notifications and handoffs across forms, spreadsheets and CRM tools.
- Supported workstation and software setup, onboarded users to tools, and wrote quickstart and troubleshooting guides.

Onboarding Team Lead / Tech Support

MIR Partners Inc

Mar 2021 - Dec 2022

- Acted as the incoming traffic controller for tickets, prioritizing incidents and maintaining response SLAs.
- Delivered remote support for desktop applications and peripherals; recorded fixes in a searchable FAQ.
- Investigated risk and fraud signals, escalated cases according to policy, and handled customer data securely.

Education

**Computer Maintenance
(Certificate)**
2008-2010

High School Diploma
Liceo Prof. Luis Alonso Pino
2008-2010

Customer Support Representative (Tech Support)

Chime

Jul 2020 - Dec 2020

- Resolved high-volume chat and email cases, including secure verification and sensitive-data handling.
- Explained technical and policy constraints in clear, empathetic language.

Earlier support experience

Cash App

- Tech Support Representative

Jul 2019 - Nov 2019

Provided technical and customer support; collaborated across teams and supported risk and fraud reviews.

The Office Gurus

- Bilingual Customer Service Representative

Nov 2019 - May 2020

Handled follow-ups, payment processing, data entry, reactivations and cancellations across chat, email and calls.
